

Course Name :

Escalator and Moving Walk Training

DESCRIPTION:

About:

- 1 -Technical description
- 2-Control panel
- 3 -Brake system and rectifier system
- 4 - Circuit diagram

Course format :

- * Theoretical

What you will learn :

- 1 -Technical description
- 2 -Control panel
- 3 -Brake system and rectifier system
- 4 - Circuit diagram

Who should attend :

- * Electric Engineer (Power- Communication)
- * Mechanical Engineer

PREREQUISITES : participants should have prior knowledge of :

- * He has already worked in the field

OVERVIEW :

Escalator and Moving walk Training

DURATION : 16 hours / 4 Days

LEVEL : 1

LANGUAGE INSTRUCTION : English / Arabic
